F1759AA	Basin mixer
F1760AA	Basin mixer
F1761AA	Basin mixer
F1763AA	Bath Shower mixer

SERIES CONNECT AIR

F1751AA	Basin mixer
---------	-------------

APPLICATION AND USE

The mechanical mixers are designed for application within following limits of use:

- working pressure from 50 kPa up to 1000 kPa;
- water temperature of maximum 90°C.

The recommended limits for correct operation are:

- working pressure of 100 kPa up to 500 kPa;
- water temperature of maximum 65°C.

MARKING

The Kiwa®-mark products are marked with the wordmark "KIWA".

Place of the mark:

- on the body.

Compulsory specifications:

- name or mark of the manufacturer: "BORMA" on the body;
- indication of the acoustic group, if classified: on the body;
- indication of the flow rate class: on the body.

Method of marking:

- non-erasable;
- visible after assembly.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Ideal-Standard Produktions-GmbH
and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
